Oh, my...

You wanted your
half sister for
nothing.

Exhausted?

Go, you or back.

오래된 이야기의 그림자

Shadow of an old story

...My family
loved me
because I brought

Home with them
what I had learned
from the streets
wasn't life.

We worked
really hard
in daylight

And we talked
at night

That was everything
we did.

"We wanted nothing"

Yes, it wanted
nothing

But our lives were
as if standing alone
in a sand storm in
middle of desert

And it was
like standing
on a quaking
ground.

When, we did nothing
horribly too wrong,
we were being punished
like sinful women .

Please -
spare a life .

Have pity on
this poor soul .

Must marry .

Before you criticize at me for not stopping you, let me just remind you that it's a girl's role.

In the world, people are being punished left and right, like my family and I, for nothing.

I know.

And even still, because like that Ragger, for

I cannot escape that.

Everyone has a right to live.

Here.

what pretty hands ...

People like you are
leeches of the world !
Die !

You are an honest
woman. ...

I thought "someone
has a right to live" ?

There are always exceptions !
And he is one of them !

You look as if you
have never done
any work !

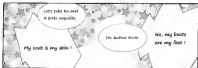

Give it back !
Give the money
back !

Let's find a house, and
get a job. We are probably
needing money.

And you?
Don't expect to study?
You will work, too?

Are you done?

Yes, we've decided
to let ... the mothers
do his things.

It will come out
one day.

What's your
name?

Name?

Light when ...

Huy. Huy.

Chúchú và gấu?

I am not gonna run
away. Please.

Ahh.

It's not good at all...

I thought I'd be
more kind...

What time?

I volunteered to run
outside. The house is
too small for all the
workers.

The family is actually poor,
but their first daughter is
marrying a rich guy, so
they are doing a big party.

Half of work is done here
in a hurry, and they don't
know what to do, so I feel
like I've become their chief.

Marriage is going to
be held in 4 days.
She begged me to stay
until then.

I think payment
will be nice.

What are you doing?
I don't think you
have any siblings

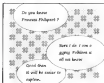

We are just
congratulating

Is that so?

For what?

Hehe...

Do you know
Francesca Phillips?

Yes...

Here I am I am a
young Phillips and
I will not leave

Good thing

It will be easier to
capture...

And so we are
looking for Compassion,
Sincerity, and Peace

Are you — nervous?
You don't expect me to
cheer for you, do you?

I do expect you to
cheer for me!
Do your best to cheer
for me!
I swear I am going to
finish!

... I wish you good luck.
If you need my help,
just tell me.

You are not
talking me seriously

I am serious. If you
have questions, just
ask me.

Is he serious?

... I know what
compassion, sincerity
and peace are?

Do you know
something?

There are stones.
Actually, many stones.
Some stones are going
to be sacred stones.

There are many more
stones in the world, but
these these are special.

Each race class was
protected by the most
powerful races.

Rades ?

You don't know ?
Hardly ? How did you
expect to find anything ?

There are two kind
of people who can
use magic.

Knights can only use magic.
And mages can create new
magic formulae

To make it easier- think of
magic. Those who only possesses
with existing magic formulae
are Knights.

And those who create
new magic formulae
are Mages.

Alto

Many generations ago,
such people existed.

And those with such
powers became rulers
and ruled the world.

The ability to
understand events
was inherited only
by blood.

And they wanted to
control who gets the
ability.

After many years of
marriage, marriage.

They finally
achieved
equality.

And now you tell
me that the prince
Polgara is alive.

And the words
about their love?

But...

She inherited the
Funa stone

Her Funa stone
is extremely rare

From her royal
family

'Crystalline' Funa stone
is from the Minakawa
family. It was created by
her mother

'Pearl' Funa stone is
actually King Saphire.
He was the king of Saffire.

She won't share all I
I'd say she's asking quite
graciously

After all, she abandoned
her original fiancé to become
a queen.

Graciously

I advise you not
to let him hear
this for your own
sake.

I don't. I just
don't like to be
threatened.

You speak
for my
good, and

I need to free others
I am knowing where
but I can also bring

It's not like I have a place
to go or have something
to do.

This situation is not
too bad for me.

And I assure you that
I won't be a burden.

Where is your
conditioner coming
from?

Right back at you.

Did you hope to find
anything with or little
about?

Or did you not tell
her intentionally?

Well, I don't know
where the three
most things are.

But I know a lot
of things and
knowledge related
to them.

Then...
for an example,

A, saying...
let me try along.

The first reason
why Princess Philippa
murdered the king.

NO !
PERSONALITY IS
IMPORTANT !

What if she just takes
the money and leave ?

— why ?

So, it is very, very, vital
to find out what kind of
person she was !
Was she an honorable
person ?

금
숨

Kas!
Tell us the story
again...

ing fight all of a sudden? I
had the premonition

Who said I wanted
this ?

After all you've
done to destroy
this family !

Kara !

You are just
being the mother
cat

Wassu ?

Do you think you
have a right to
say that ?

I know what people
speak about you

Where do you think they
got such an idea ?
You told them that we were
proud of your marriage !

Kara, stop !

Let go of me,
Rika !

And now you
are ignoring
me " hey "

Scoff !!
Did you scoff !!

what's this ?

it will hurt a lot
The needle is not
new, so I can't
blend it.

"Are you sure?" - ?

But this wound looks very
fresh as if it was
not just now.

- it's done.

That guy -

... I am going to
break you

Everyone has their place
and trust, and I am going to
put my trust in you

Do you know what
I am saying?

He neither said
nothing say.

Even if I don't say
something very
meaningful.

You may choose
what to tell me
and what not to.

I will follow you.

In return, do not
deserve me.

But don't
deserve me.

You are my only hope
in this world

I suppose so

Then let me ask
you four questions

The first
question

Dark or light—
which one are you?

Light, I am not a good
one though

... I believe she is
powerful enough

Okay... let me
change the time
a bit

Will I be able to go back?

Yes, as long as you
find what's required.

Everyone ...

Neighbor's father,
cousin ...
Everyone ...

No matter how
a beggar or a
homeless.

My sister, Rina
and I didn't want
him to be in the
house.

It wasn't that I was
afraid. It was because
we didn't think he was
a decent person.

Sa, Kana, and I
wanted to kick him
out after the night.

But Father and Jingu
after by brought her here.

They treated him
too good. Father even
let him use his own bed.

Soft, good people
without any life
are only abused.

He'd take care of
us on his death.

After drinking
father's promises
aboard, he got
high and told Father
that—

Ross and I found
him very ridiculous

We had enough and
were about to tell him
to get out

He told us to wait
and took most of
money which Ross
and I earned.

But he showed
up again...

But Father and Angela
were very happy and
was playing along
with him.

Well, if it ended
there, I'd have
been dead.

Perhaps, he was nearly
this time, he was passing
money in the house and
said he'd take Angela.

Kenn and I had
to watch her.

And Angela was
very happy to hear
that.

You know you
can't trust gamblers,
no matter how
rich they are.

Besides, truly rich
people do not brag
that they are rich.

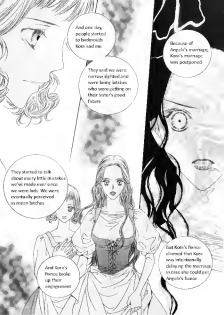

We tried to stop her
for her own sake.

But she started to think
that we were poison.

He might already have
a wife. Who knows?
Even if he was really
simple.

How could you trust
a man who marries
on impulse?

And one day
people started to
backmouth
Koen and me.

They said we were
narrow minded and
were being selfish
who were getting on
their wife's good
feet.

Because of
Angela's marriage,
Koen's marriage
was postponed.

They started to talk
about every little mistake
we've made ever since
we were kids. We were
eventually perceived
as mean bitches.

And Koen's
 fiance broke
up their
engagement.

But Koen's fiance
claimed that Koen
was intentionally
delaying the marriage
so she could get
Angela's fiance.

After that incident
Rose was emotionally
hurt.

She started to truly
hate Angela.

She doesn't eat. She
doesn't go out. She is
crying. Forever every
day and curses at
Angela everyday.

I think it may be
already too late for
Rose to recover.

Angela is a good
girl. She just doesn't
know how harsh
the reality is.

She bought us new
shoes and breast
flats.

But Rose
threw them out.

To be honest, I didn't
want those gifts, either.
I didn't want anything
related to the man.

Perhaps, I am
already loving
Angela too.

I could tell from the way she looked at us when she was giving the gifts.

She, too, was feeling hatred toward us, and was full of vengeance.

We pity her
now.

Whenever
I see her,

I think, "She's got
married. You will become
memorable story."

I am scared of one
who's having such
a thought.

What has gotten
into Kana and me...

You can't and
should not judge a
person so quickly

For an example,
what kind of person
do you think I am?

Well... I think
you are beautiful
and kind...

And...

You must not judge
a book by its cover

People have many
layers that take many
years to know

Marriage isn't always about
love. Many marriages are
performed by respects for
each other and they live
together too.

Some marriages become
friendships especially
because they love each
other.

Especially when one
loves the other so much

Actually I am not
talking about love
I am talking about
spoil that is a
harmful being

My parent is that
you never know
what is going to
happen

I think your sister
chose what was the
best for her

Do not hunt your eyes
to people. They will be
gone quickly once your
prior leaves

If you truly become really
responsible, I feel your sister
won't be happy anywhere
she goes

But you are no one
that thick coat.
I must have talked
for too long.

It's alright.

Let's... talk
then?

Then?

Sis!

She stays in her room
during day.

And she sometimes
looks like that at night.

Sometimes, I'd stop
for and stay for a while
later, but...

I think she would be
just some trash at
the end of the day.

She gets really
angry if I come along.

Are you there ?

Are you sure
you won't regret?

Hugh

I already regret
That is why
I am here.

Tomorrow is the
big day!

Give me that!
No, not that one!

No, no, that
left one!

What's this?
Those have already
gone bad!

Mis, Mis! Look!
I've picked off these
without damaging
them!

방긋

We were going to
slice them up and
throw them into pies!
You were wasting
time for this?!

조약

How can you
be so completely
useless?!

Why don't we use
them to decorate cakes?

Please --

Please, I will eat

Incidentally
Someone is the
wedding.

Her's...

Here, let's...

Let me sleep for
a little while longer

I am a little tired
Don't disturb me
okay ?

See candles... and
for the drawing, the
good parents were...

A bowl... a
bowl... this was
should do it.

Called this church

Take it with my
blood and draw
it with it, right?

Angels,
congratulations

I am sorry that
I am so late to
say this

Guests will crowd this place soon!
That's what we've been working
for all these days, right?!!
Stop yapping gibberish!

Get moving now, now
before they're late!

카르
카르

Um...
Huh?

I am sorry, but—

She doesn't answer
at all.

I am afraid
something might
have happened.

Kara?
Kara!

Kora ... ?!

What this ?!
What are you
doing ?!

I cannot forget
that batch

I regret everything
I've done for that
batch

Good and bad
things

I regret my time
with that woman

So I summoned
that

Shadow in
Moonless nights

What is that?

Blood from murdered
ladies, dew from
poisonous plants

Darkness I know it!

Harvested and sown
from both the living
and the dead!

It seems someone
has given it a shape
and sent it here.

Kora !
Don't do this !

Somebody... !

Somebody,
help !

호호호호호호
호호호호호호
호호호호호호

Are you out of your
mind ?!
Angela is our sister !

If we curse our own sibling,
we won't have a place in
this world !

We will have no
excuses even if people
abandon us !

Why are you
doing this ...

We have done nothing
wrong ...

Who is this "witch"
you met ?

We are not
traitors ...

People say she lives in the mountain north.

Help my sister please...

I can't say that for sure. I will be going for my own business.

I thought it was just an old tale to keep kids out of the forest for safety reasons....

Anyone look after your sister?

It's neither as useful nor powerful, but once a contract is in place,

it will be powerful enough to grant your sister's wishes quite easily.

A lot of traffic
recently ...

Have you ...

Who are you ?

You must be a
shadow. If you are
truly capable of doing
that ... you

Either belong to
darkness or someone
has ...

Ah ...

"You will know when
you are free."
Your order.

You must be Raygezel
Kobayashi.

Raped!
Raped!

All I made
was a simple
promise.

Even if you
ask who I am.

I was not worthy
of your attention,
but I am a man
proud.

It was that I'd
achieved a name
among you upon
arrival.

In reality, I've been
given an ability to
manipulate the
shadow and...

A very little ability
to manipulate names.

Not being able to go
against a promise
made by your magic.

I had to be confined
in here.

I had no idea that
it'd take this long
though.

It took so long that
I had to watch some life
forms of those who
trapped us start dying.

How long have
I been like this...

Yes... about
200 years.

The promise has
been fulfilled

Now it can
finally be-

If you can only
send a message, start

"We're linked again."

... I am not
the only one...

There are many
who are like me.

Rapel I

You will encounter
them sooner or
later

Eyes of wolves
who lost their
leader

Their trail of
absolute loyalty
that stood against
him

LAND OF THE DEAD

They are
waiting for
you —

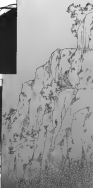

To seek you
To reassure
you

But I...
are you like I

What?

Go ahead!

What are you saying?

As fast as you can!

OK!

Yes!

What?

Something
is
approaching?

Go

You will only
get in my way

To where ?

Anywhere
but you

What about
you ?

Don't worry
about me

Yeah, right !
You were almost
killed back there !

Let's run together !
Why can't you ?
Why do you try to
do everything
alone ?!

I wish I could, but
there's no time.

How are you going
to find each other
if I just go any
where ?!

Stop it and
just go !

Don't look
behind and
just run !

How should
I know...

I don't know!
I can't even imagine!
Really I can't!

I was planning to go
back to Rikuu, but
I got lost, and...

What happened
to Rikuu?
What?

Heidi?
How were you
going to find me?

"Well, I'll never
again."

I don't really know
where you are right
now.

I just wanted to
trust him...

Because I was
scared
Because
I wanted to
run away

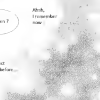

The truth was that
I did not trust him
at all...

March 7

Ah, I remember
now

I did the exact
same thing before...

Ser,
I will be
along to

He may... demand
but he may not

He may demand food
but he won't be pleased
with it. He may look
but then he may not

... Do you want
to find this person
at all?

He has a determined
he looks like he hasn't sleep
for a week. He has dark hair

That's a pretty
unique appearance

If you ever see someone
who fits this description,
please tell him that
Mitsuki is here

Pretty please
okay??

I want to sleep in one place for better odds.

He will find me if I hang around the mountain.

Wouldn't we go back to safety?
It's only one mountain apart.

OK, that sounds reasonable.

Whoever it was,
that person was
really scary.

That is if he
didn't die.

Little House

Don't worry about me.

He knows how
to smile

What?

He just needs
a little time

He smiled

He smiled,
then he was,
He smiled and

He smiled and

He smiled every
time he saw
that smile

He smiled and
smiled, and smiled,
something.

Mm, Mm,
look

Looks like
something fun
is going on.

Let's go watch.

... Right now?

It's been two days.
You've done everything
you could

Give it time.

Believe yourself

1 player !
He was the last

Mr. Tamsan !

2 player, Marcel,

Mr. van, what
is this ?

You must be new from
around here ! This is a
small contest in making
breads for our breakfast.

A small event for our

two packs alone first, and
participants good food

She wasn't crying
even when she got
into a carriage to leave.

Probably
not too worry
soon and die!

They said they'd
send you back
over every two
months.

I didn't cry either.

We will wait for
you with good food!

We acted as if nothing was going on.

Just do what you do
as usual. You do good
jobs, so I am sure they
will be pleased!

Prohibition
to worry her sister

Sure,
don't worry so.

But I shouldn't have done that.

I should have cried
and tried to stop her.

I wouldn't have
been able to stop
her from leaving.

Still, I should
have done
that.
I should have
chosen her.

I... I... I...
I... I... I...
I... I... I...
I... I... I...

I should have...
I should have tried
to stop her at all
cost.

And that's how
everything
ended.

This is... This is
beautiful... I
She is free, accurate,
and powerful!

And that I loved
her very much :)

It did not
allow me
to see anything

And when
I was in the
middle of
the fight
with her
brother.

She is taking
a break? I
wonder!

Brother
and sister
fighting.

There
is a

between
brother

And when
the fight
with her
brother.

And
when

I probably couldn't have
done much.

But I should have
still stayed with
him.

Because I told him
that he was my
companion.

W, winner !
This little girl is
victorious !
She is clearly
better than any
men here !

A clear,
decisive victory !

Look how much
she has done !

영웅의 시작

The beginning of a long journey

I shall return this
to you now,
Blackbeard.

You won't see it
even though...

The princess
chose our king

No one can blame her.
As a princess, it is the
more logical choice.

The fair country
will be saved.

Born with a royal
line - this line...
It took only 7 days to
conquer the capital
city.

I've never seen
him angry like that.

Just because the
marriage proposal was
denied, he devoted his
whole countless
irrelevant lives

The space of blood
is no better since she
is reaching only due
to pride

I don't know what
he was thinking
though

This war ... has no
real purpose nor
reasons.

And the princess Philpout
is not better either
She abandoned you
who fought

For her country and
mother's honor

Are there any
pathos and
gripping reasons

Is this war at all ?

Don't
doubt.

What are you saying?
Justice is a man?

I know what you are
trying to say, but
even in brutal wars

Such things as false
justice would be used
to push people's skulls.

And if they were
there as false
absolutely none

The road, and
the forced
marriage, and
the two others.

Nothing, he is
not a man.

In other words,
you are not
even related as
a relative to a god.

and your parents.

Agreed.

This is the same place
of our king. This makes
me not again his subject.

Now the living
controlled by the
order of our king
as your subject.

She's saying the truth.
Poor lord to make the truth.

Heh, why should
you worry

Don't laugh
at him

Having firm loyalty
and love was not
something to be
laughed at

Though you should
have really chosen a
better master to serve

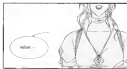

With that you
are good for nothing

Your master will
no longer care

And it doesn't
matter to you anymore

Rapunzel's at
the castle !

Hurry !

What is
going on ?!

How

I didn't know
what happened
at that time.

I simply did not know
how I lived even after
being betrayed.

I had a chance to meet
the person later who
explained to me.

She created a new
note sheet to stop
time - as well

That's why this wound will not heal.

The name might become of no use as I was being feathered.

The name stuck
because of how often
I used the my brother's school

My name has
strapped onto them.

You said you'd
trust me.

But I feel like I have
a roasted bag for turkey
after covering out food
that I could eat anything
about.

I cannot blame you.
No one would have
believed at that
time.

I don't think it was
entirely possible even
for the princess.

She had to prevent the
nature the long of filthiest
as a standard to rotate the
same circle

And even that
wasn't enough

She lost her powers
after the magic was
complete

Now it seems she has
barely enough powers
to appear only in your
dreams

Eeeeeeeeeeeeeeeeeh 28

Five hours like that
for 600 yards.

No matter how
much I eat, I am
still hungry.

No matter how
much I sleep, I am
still sleepy.

I am sure that she loved
this ... since she sacrificed
everything for my sake .

But I think she may
regret what she
has done now.

That's pretty
much it.

I think she may keep
thinking "what if I didn't
save him" .

supplement of
Marichen chronicle

in my dream

In my dream, I was standing in front of an elevator in a hospital.

Oh? It's you.
What brings you here?

Long time no see

Ah? I remember

Are you ill?

He was my teacher who I actually disliked. If I met him someday, I'd ignore him.

Why are you here—

Someday, give me your phone number

Then find my number. Do you have a paper? Pen? Me? Show me your palm.

I recently relocated and my phone is not active yet.

Call me, ah? Call me?

Did you become a doctor?

Get his phone number!

There was no paper, and I hastily wrote down my phone number on his palm and made him swear to call me.

Anyways, she quit the assistant
job. She said she wanted to
do something.

Good luck.
